EVADERS OF DOG TAX TO BE ARRESTED

Commissioner of Agriculture Asks for Conviction of Persons Not Paying State and County Dog Tax.

Frankfort, Ky., March 2. — Any person who keeps a dog and fails to pay the tax on it is subject to a fine, according to announcement of W. C. Hanna, Commissioner of Agriculture, Labor and Statistics, who has sent to the newspapers throughout the state a digest of the law and the duties of those who are charged with enforcing it.

One result of the announcement of Mr. Hanna has been that 1,400 citizens of Christian county have been indicted by the grand jury for failure to pay the dog tax. It was termed the most drastic action ever taken by a Kentucky county to enforce the law. The tax is \$2 for a female and \$1 for a male dog, but the court costs, according to Hopkinsville reports, will swell the total in each case to a minimum of \$16.00.

The law was passed in 1918, "Will you not," asks Mr. Hanna, in letters to county attorneys, "make some prosecutions in your county and see if this will not aid in bringing about a better enforcement of the law?"

"I will at all times," he adds, "and as far as possible, furnish a field man to assist in ferreting out the names of those who have unlicensed dogs if it is desired."

ANNIVERSARY OF HILLDALE SCHOOL IS OBSERVED

Along With Birthday of One of the Organizers—One of the Best "Country" Sunday Schools In the State.

One of the encouraging features of the modern Sunday school movement is the "community school." These schools are organized in communities where there are not enough members of any one denomination to make a school that can maintain interest. In such places the "community" school is making its way. In such a school all denominations meet together and in the most fraternal spirit, study the Word of God together. Such a school is the one at Hilldale, just west of Maysville.

Upon a recent evening the anniversary of the organization of the school was celebrated. By a happy coincidence the birthday anniversary of one of the charter members of the school, Mrs. Henry Crawford, occurred at the same time, and so it was very fitting that the occasion should be celebrated at Mrs. Crawford's home.

Upon the date set the many, many friends of Mrs. Crawford, and of the Sunday school of which she has been one of the most loyal supporters, assembled in her home for one of the most delightful evenings they ever spent. The home had been most tastefully decorated with carnations and sweet peas for the occasion. An orchestra was on hand to enliven the occasion with sweet music. And to further add to the happiness of the evening one of the most bountiful luncheons one could desire was served. A very appropriate accompaniment to the luncheon was the birthday cake with its decorations of candles for the hostess, Mrs. Crawford. The evening was spent in delightful fellowship, the superintendent, Miss Ella Wallace, seeing to it that there was something doing all the time so that there was not a dull moment.

Surely such occasions are well worth while. And it goes to prove what can be done in many more of our small communities in Mason county. It is this spirit that is possessing the County Sunday School Association. It is their aim to see that each and every community of the county has a good, live school. Much credit is due the splendid folks of Hilldale for pioneering such a movement in our county. May the spirit spread is the sincere desire of all interested in the spiritual welfare of our citizens.

Mrs. Clift of the Maysville Suit and Dry Goods Company will have a special display Friday and Saturday of Sallor and Tailored Hats. 2-2t

FRIERIS GOES TO ZANESVILLE.

The Ripley Bee says: "Louis Friebe, the classy pitcher of the Ripley baseball club, has contracted with the Mark Greys of Zanesville, Ohio, to pitch for them the coming season and is to report by March 25th. It was through the kindly interest of Mr. Billy Bell that Manager Harry Myers of the Zanesville organization became interested in Friebe, and the arrangement to sign him up was made just as Louie was preparing to go to consult with Manager Pat Moran and others of the Cincinnati Reds as to a try-out with them. While we regret to have this sterling young player to go from our midst, we feel that he is taking the right step toward a successful future on the ball field. He is an excellent pitcher and a modest, upright man. Good luck to you, 'Tury'."

FLEMING COUNTY COAL WILL BE ANALYZED

Substance Found In Fleming County Hills Is Taken to Hazard for An Expert Analysis.

Mr. T. S. Jaspersen, of near Foxport, Fleming county, passed through Maysville today en route to Hazard, Ky., with samples of the various veins of substance found in that neighborhood which burns a great deal like canal coal for a careful analysis in the laboratory in that town.

Mr. Jaspersen reports much interest in the recent discovery of these veins near the famous old Sugar Loaf Mountain and says that those who are interested are continuing their investigations and have dug more than fifteen feet into the hill finding several veins of the hard substance between which is found layers of softer earth. Between two of these veins has been found a substance appearing to be soap stone in which there is found a shiny mineral, which will also be analyzed.

Property owners in that section for some distance from the spot where the supposed canal coal was found, have been investigating and find that the veins extend over quite a distance.

ALLIED TROOPS MOVED TO COMPEL GERMAN OBEDIENCE

Arrangements Being Made To Enforce Allied Supreme Council's Demands on German Government.

London, March 2. — Preliminary movements of French troops to compel German obedience to allied reparations demands were approved by the Allied Supreme Council today.

A further session was scheduled for this afternoon to determine the part each allied nation shall play in exerting pressure on Germany.

The Supreme Council went into session in St. James Palace.

Several Japanese officers were among the military group, which included Field Marshal Wilson, Marshals Foch and Weygand and Generals Magline and Marietti.

The German delegation, whose offer of reparations yesterday was branded generally as an "absurdity," is to meet the Supreme Council tomorrow.

The German delegation insisted its proposal to pay \$7,290,000,000 was the best that can be offered. They argued the weakness of German industries, the unfavorable rate of exchange and the effect of a long-term debt on the workers.

French representatives were delighted at the outcome of the session. Anxious to cripple the Germans, they saw an opportunity to carry out their military plans and obtain control of more German territory.

The Italian delegation urged there be no precipitate action. There were indications Italy will not participate in any military action the allies may agree upon.

Marshal Ferdinand Foch's plans are believed to call for the occupation of the Ruhr basin in addition to an extended advance by French troops.

There also was a possibility that a

HERT MAY BECOME HEAD OF REPUBLICAN COMMITTEE

Kentuckian May Be Chosen to Succeed Will H. Hays as Chairman of Republican National Committee.

Washington, March 1. — Will H. Hays will resign as chairman of the Republican national committee soon after he enters the Harding cabinet as Postmaster General. He made this announcement here today.

Discussion as to the probable successor of Mr. Hays as national committee chairman centered today around Alvin T. Hert, national committeeman from Kentucky, and Charles D. Hilles, of New York, a former chairman of the committee. Senator New's name was mentioned, but he was understood to have informed Mr. Harding that he believed he could serve the party better without being burdened with the duties of party chairman.

Mr. Hays said the immediate purpose of his visit to Washington was to prepare for the meeting tomorrow of a subcommittee of the national body, which will take up the question of a readjustment of Southern representation in national conventions of the party. Thursday there will be a meeting of the full national committee, together with the executive committee, which besides hearing views on the question of Southern representation will "mop up" loose ends of the campaign, Mr. Hays said.

LITTLE INTEREST IS SHOWN IN THE TOBACCO CUT-OUT

Pledges For a Fifty Per Cent. Reduction in 1921 Tobacco Crop Come in Slowly, Says Newman.

Lexington, Ky., March 2. — Growers are taking but little interest in the proposed fifty per cent. reduction in the burley tobacco acreage for 1921, according to President John W. Newman of the Burley Tobacco Growers' Association, who stated that pledges sent out some time ago are coming in very slowly.

Members of the association, however, favor the cut, he believes, but are unwilling to sign the pledge unless the mass of farmers do likewise. A plan to launch a campaign to obtain pledges will be taken up Monday at a meeting of the directors of the association.

The curtailment, however, will not be made unless sixty per cent. of the growers sign before April 1.

Burning of plant beds already has begun in several sections of the Bluegrass.

A Store of Established Standards

This is Silk Week!

All over this country silk producers collectively proclaim the fair glory of Silk—the making of which in America alone employs 142,000 hands with a yearly output of \$714,000,000. And yet we carelessly think of France, Italy, Switzerland and Japan as the all-in-all of Silks. To be sure China discovered first of all the glories held in the silk-worm cocoons and a Chinese Empress had the first silk dress four thousand four hundred years ago.

MERZ BROS. will celebrate SILK WEEK by offering the newest silks and the best values.
